🐙 dshinzie

SUMMARY

I am a web developer with a high, fast-paced motor. I enjoy everything from front-end frameworks to mid-level languages. I like to bring energy to my teams and tackle complex problems that come with modern technology.

SKILLS

LANGUAGES: Ruby, JavaScript, Python, HTML5, CSS
FRAMEWORKS: Sinatra, Rails, Express, Django
TOOLS: Git, RSpec, Minitest, Mocha
DATABASES: T-SQL, PL/SQL, PostgreSQL, MongoDB
OTHER: NodeJS, JQuery, React

PROJECTS

Briefcase
- Source code: https://github.com/dshinzie/briefcase
- Alumni tracker for employers and current students
